Internet, Technology, Covid19

- The evolution of technology and the internet is reshaping human lifestyles.
- Covid 19 has altered the way people work globally.
- People are more frequently engaging with systems and each other via applications.
- People are more and more expecting things to be simpler and quicker.
- Handphones/smartphones and computers/laptops are the most popular devices.

Full Stack Flutter: CodeCon

- Payment Gateway Integration
- Fullstack using Dart
- Flutter Web, iOS, Android, Mac OS
- Responsive Design
- Airtable as data storage

The image shows two smartphones displaying the CodeCon mobile application. The left phone shows the 'Speakers & Panelists' section, listing six speakers with their names and current companies. The right phone shows the main event details, including the date (August 8-9, 2024), location (Intercontinental Bali Resort, Bali, Indonesia), and registration fee (IDR 750,000). Both phones also feature a 'Register Now' button and a large image of a packed conference hall.

How to Compete in a Global Competition

Erico Darmawan Handoyo
Private Training & Online School 

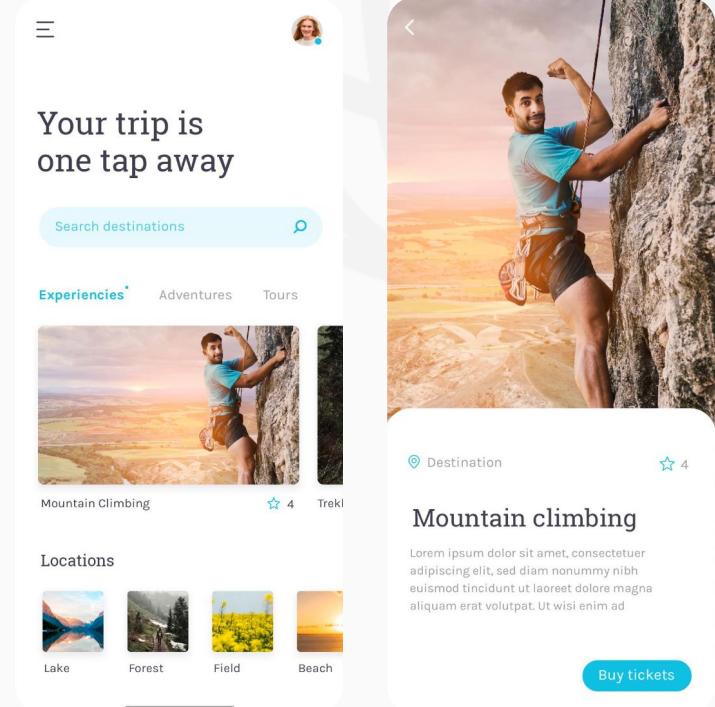

Elevate Your Expertise

- Upgrade your technical skill & knowledge.
- Continue digging deeper into the subject being studied.
- Avoid slacking off on fundamental things.
- Don't depend completely on AI.

Developing Credible Portfolios

- Do all your academic tasks with dedication.
- Put all your programming assignments in a public repository such as GitHub.
- Release the applications you develop on the Play Store.

Actively Contribute to the Community

- **Sharing** your knowledge/experience/works.
- **Provide answers** to questions in the community.
- **Develop packages** usable by other Flutter devs.
- **Becoming part of the committee** for community activities.
 - Meeting a wide range of extraordinary individuals.
 - Expanding your perspective.
 - Building up a range of experiences.
